#AgriVoltaicsCon

Become a Sponsor of the 5th AgriVoltaics World Conference

Since its launch in 2020, the AgriVoltaics World Conference has established itself as the world's leading conference in the broad and pioneering field of agrivoltaics. The highly anticipated AgriVoltaics World Conference will take place June 11-13, 2024 in Denver, CO, USA - a nation at the forefront of the rapidly expanding and dynamic agrivoltaics market.

As always, the conference will be a central gathering place for insights and innovations in the field, offering a diverse and comprehensive program of cutting-edge research and discussions on the latest developments in agrivoltaics.

AgriVoltaics World Conference 2024 will cover the full spectrum from science to application, reflecting the diverse expertise of international professionals - from plant science and agronomy to hydrology, solar energy, systemic considerations and social sciences.

HOSTS

MANAGING PARTNERS

Show who you are!

Show who you are and secure your sponsorship advantages today!

Raise your company's profile and underscore your key role in the emerging field of agrivoltaics by becoming a sponsor of the AgriVoltaics World Conference. This strategic partnership ensures prominent visibility throughout the event - before, during and after - on the conference website, online platform, promotional materials, and on-site components. Join us at the forefront of cutting-edge innovation.

Your benefits

- Maximize your company's visibility on-site, on the conference website, or on the online conference platform
- Take advantage of new ways of networking opportunities to showcase your latest innovations and services
- Seize the opportunity to communicate with global and future-oriented audiences
- Develop contacts with ambitious scientists in the field. Providing an excellent base for your human resources development, AgriVoltaics World Conference 2024 will offer high-level scientific exchange and great networking opportunities for:
 - ◆ Researchers from PV and agriculture (including biology and hydrology) and those working "in between";
 - ◆ EPC Companies, manufacturers of PV module, mounting systems and tracker tech, renewable energy producers, as well as farm machinery equipment providers and seed producers;
 - ◆ Organic farming associations, agricultural federations and similar stakeholder groups;
 - ◆ And experts from politics and finance open for innovative and future-oriented ideas!

We look forward to working with you!

If you have any questions, please contact our sponsoring expert Vera Lenz at lenz@conexio-pse.de
