

AgriVoltaics2020

Conference & Exhibition
26-28 Aug 2020 Perpignan, France

Become a Sponsor or Exhibitor of the AgriVoltaics2020 Conference & Exhibition!

In August 2020 the international agrivoltaics community will meet in Perpignan, France, to share up-to-date experience and knowledge on combining the agricultural use of land with the production of electric energy by photovoltaics during AgriVoltaics2020. The first edition will run under the motto “Launching Agrivoltaics World-wide”.

AgriVoltaics2020 will cover all aspects, from science to application, reflecting the wide thematic range. It thus attracts experts from crop science and agronomy, hydrology, solar energy as well as researchers who deal with systemic aspects and carry out e.g. socio-economic studies. The program will comprise of scientific presentations, chosen from a reviewing process, and invited high-level keynote talks. An exhibition, a conference dinner and a technical tour to installations, from innovative test facilities to best practice, will supplement the program.

The conference will run from August 26-28, 2020, in Perpignan, France.

Show who you are and secure your sponsorship or exhibition advantages!

Sponsoring the AgriVoltaics2020 Conference is an ideal way to give your company visibility and highlight your company’s activities as a strong and important player in the future-oriented and growing field of agrivoltaics. Sponsors will be highly visible before, during and after the conference on the conference website and on promotional material. If your focus is on the local presence during the event, the exhibitor package will perfectly fit your needs.

The conference will provide high-level scientific exchange and great networking opportunities for:

- Researchers from PV and agriculture (including biology and hydrology) and those working “in between”
- Companies such as PV module, mounting systems and tracker manufacturers, EPC companies, renewable energy producers, as well as those providing farm machinery equipment and seed producers
- Organic farming associations, agricultural federations and similar stakeholder groups
- Experts from politics and finance open for innovative and future-oriented ideas

We look forward to working with you.
